	Consultant Address	312 Elm Street, Suite 2500; Cincinnati, OH 45202				
	Consultant Project Lead Name	Philip Renner				
	Consultant Project Lead Phone	937-570-7691				
	Consultant Project Lead Email	philip.renner@wsp.com				
Project Information	Project Name	Baku 765 kV Station				
	Corps ID / Permit No. (if applicable)	LRH-2026-00851-SCR				
	Water Quality Certification No. (if applicable)	N/A				
	Latitude/Longitude (Decimal Degrees)	38.9843, -83.0128				
	Hydrologic Unit Code & Watershed Name	05060002 Lower Scioto				
Short Project Description	AEP is proposing the construction of the Baku 765 kV Station Project, located in Scioto Township, Pike County, Ohio. The Project involves building a new 68-acre transmission substation. This would require grading of an area measuring up to 167 acres to create a flat, stable pad for construction.					
Impacts	Stream (linear feet)		Ephemeral	Intermittent	Perennial	Total
			923	4,393	0	5,316
	404 Wetlands (acres)		Category 1	Category 2	Category 3	Total
		Forested	0.000	0.000	0.000	0.000
		Nonforested	0.000	0.125	0.000	0.125
	Isolated Wetlands (acres)	Forested	0.000	0.000	0.000	0.000
		Nonforested	0.000	0.079	0.000	0.079
T & E Species Impacts (add rows as necessary)	Species	Rank	USFWS Biological Assessment Finding			
	N/A	N/A	N/A			
	N/A	N/A	N/A			
Estimate of Mitigation Credits Required	Stream Credits	7,768				
	Wetland Credits/Type	0.5 (non-forested)				
	Watershed for Requested Credits	Lower Scioto				
	8-digit HUC for Requested Credits	05060002
